ZIBO CHUQI NEW MATERIAL TECHNOLOGY CO., LTD.

HVAC Filter

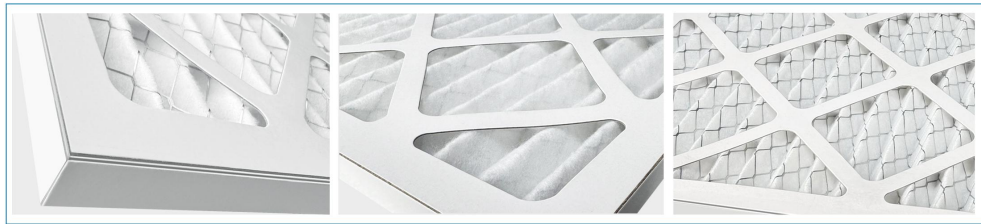

APPLICATION

- The Paper Frame HVAC Filter offers efficient air filtration for heating, ventilation, and air conditioning systems. Its sturdy paper frame and high-quality filter media ensure effective particle removal, improved indoor air quality, and reduced maintenance requirements. Customizable sizes and filtration levels are available to meet specific needs.

FEATURES

- Light weight, economic cost
Disposable products, environmentally.
Low resistance, large filter area and air volume
Cardboard frame with special process, with long working time.
